## **CARE AND MAINTENANCE**

### **FRAMES**

*Cleaning* - Use mild soap and warm water. Do not use abrasive materials, cleansers or bleach products. Rinse with clean water and dry thoroughly.

*Maintenance* - Periodically clean and dry thoroughly. Be sure to drain any water accumulated inside the frames. To thoroughly drain frames, remove foot caps and tilt the frames, if necessary, to remove all water. This is critical. Water allowed to accumulate inside the frames and then exposed to sub-freezing temperatures can cause damage to the frame tubing. Such damage is not covered under warranty. Always clean, drain and dry thoroughly before storing for the winter. For best results, always store or cover your furniture when not in use. We recommend commercially available outdoor furniture covers. Any small nicks or scratches can be covered with a light application of touch-up paint.

**\*\*** When cleaning or moving large or heavy items, always have two people work together. Never drag furniture.

### **FABRICS (CUSHIONS/SLINGS)**

*Cleaning* - Wipe minor spills immediately. Clean with mild soap, warm clean water and soft cloth. Do not use abrasive materials, cleansers or bleach products. Although fabric has been treated to resist stains, occasional use of commercially available fabric cleaners may be necessary. Follow manufacturer's instructions.

*Maintenance* - The best way to maintain the beauty of cushions and slings is to store them in a dry area and out of the elements when not in use or cover with commercially available outdoor furniture covers.

### **STRAPS**

*Cleaning* - Wash frequently with mild soap, warm water and a soft cloth. Rinse thoroughly with warm, clean water. Do not use abrasive materials, cleansers or bleach products.

*Maintenance* - Periodic application of commercially available vinyl cleaners and vinyl protectors will enhance the look and prolong the life of straps. If your strap chair has cushions, make sure any vinyl protectors applied are completely dry before placing cushion back on the chair.

## **LIMITED WARRANTY**

- **Frames.** Frame construction is warranted against defects in material and workmanship for seven years from purchase date. Damage to frames or welds resulting from improper assembly or exposure to water and/or sub-freezing temperatures is not covered.
- **Finishes.** Paint finishes are warranted against peeling, cracking and blistering for one year from purchase date provided the unit has not been scratched or abraded. Chips and scratches resulting from normal wear and tear are not covered.
- **Fabrics.** Fabric and cushions (if applicable) are warranted against separation at the seams for one year from purchase date. Fading and/or discoloration resulting from exposure to the elements, oils, spills, fluids, chemicals, or any other cause is not covered.
- **Straps and/or wicker.** Straps and/or wicker weave (if applicable) are warranted against separation and tearing for one year from purchase date. Fading and/or discoloration resulting from exposure to the elements, oils, spills, fluids, chemicals, or any other cause is not covered.
- **Umbrellas.** Umbrellas (if applicable) are warranted against defects in material and workmanship only for one year from purchase date. Umbrella bases (if applicable) are not covered under any circumstance.
- **Table tops.** Natural stone tabletops only are warranted against defects in materials or workmanship only for one year from purchase date. All other table tops (including without limitation glass and faux stone) are not covered under any circumstances.

**Warranty limitations:** This warranty is subject to the limitations set forth above. In addition, this warranty is made to the original purchaser only, and is effective only when item(s) is purchased from one of our authorized dealers. This warranty is not transferable. For warranty replacements based on warranty claims submitted within the first year of purchase, we will pay shipping and handling charges within the continental North America. After the first year, shipping and handling charges are your responsibility. We will not be responsible for charges associated with shipments outside the continental North America at any time or for any reason.

**Warranty exclusions:** This warranty is subject to the exclusions as set forth above. In addition, the following are excluded from coverage under this warranty: any item used for commercial, contract or any other non-residential purpose; clearance items, display models or items purchased "as is"; freight damage; items subject to misuse, abuse, neglect or lack of proper care and maintenance (including without limitation as provided in any "care and maintenance guide"); normal wear and tear; damage caused by acts of nature, acts of force majeure, vandalism, fire or other casualty, or improper assembly; hardware against corrosion or rusting; purchased or replacement parts; and all plastic parts. Also excluded are loss of use or time; inconvenience; money; travel; packaging; or incidental, special or consequential damages of any kind. Replacement of defective items as provided herein shall constitute your sole and exclusive remedy for items which are not as warranted. In no event shall our responsibility exceed the purchase price of the items found to be other than as warranted. This warranty is the exclusive statement of your rights with respect to the defects in the items you have purchased and supersedes any other express warranty or statement, written or oral, made in connection with the purchase and sale of such items. When used herein, the term "item" when used in the singular, refers to the specific item found to be defective, and not to the entire set of which the item is a part.

**Some states do not allow exclusion or limitation of incidental or consequential damages, so that limitation above may not apply to you. This warranty gives you specific legal rights, and you may also have other rights which vary from state to state.**

# ASSEMBLY INSTRUCTIONS

**CSA Model 99000**

Printed in China

ARC01701

**Installer:** Leave these instructions with consumer.

**Consumer:** Keep these instructions for future reference.

## **DANGER**

If you smell gas:

1. Shut off gas to the appliance.
2. Extinguish any open flame.
3. If odor continues, keep away from the appliance and immediately call your gas supplier or fire department.

 **WARNING:** Improper installation, adjustment alteration, service or maintenance can cause injury or property damage. Read the installation, operating and maintenance instructions thoroughly before installing or servicing this equipment.

## **WARNING**

Do not store or use gasoline or other flammable vapors and liquids in the vicinity of this or any other appliance. An LP-cylinder not connected for use shall not be stored in the vicinity of this or any other appliance.

## **WARNING: For Outdoor Use Only**

FOR USE WITH 20LB. PROPANE CYLINDER (NOT SUPPLIED) WITH TYPE 1 CONNECTION OR FOR USE WITH NATURAL GAS AFTER CONVERSION KIT IS INSTALLED

## **DANGER**

### **CARBON MONOXIDE HAZARD**

**This appliance can produce carbon monoxide which has no odor.**

**Using it in an enclosed space can kill you.**

**Never use this appliance in an enclosed space such as a camper, tent, car or home.**

**WARNING:** USE FACTORY APPROVED REPLACEMENT PARTS AND ACCESSORIES ONLY. USE OF UNAPPROVED PART OR ACCESSORIES CAN VOID THE WARRANTY ON THIS PRODUCT AND RESULT IN A HAZARDOUS CONDITION. PLEASE CONTACT US FOR INFORMATION REGARDING REPLACEMENT HOSES, THERMOCOUPLES, ELECTRODES, IGNITION MODULES, LAVAROCKS, LOGS, ETC.

Questions, Problems, Missing Parts? Before returning to your retailer, call our customer service department at 1-800-416-3511, 9 a.m.-5p.m. EAST, Monday - Friday

Lighting Instructions	13
Maintenance	14
Troubleshooting Guide	14
Warranty	15

## IMPORTANT SAFETY INFORMATION

The installation must conform with local codes or, in the absence of local codes, with the National Fuel Gas Code, ANSI Z223.1/NFPA 54; International Fuel Gas Code. ; Natural Gas and Propane Installation Code, CSA B149.1; or Propane Storage and Handling Code, B149.2, as applicable).

The appliance must be isolated from the gas supply piping system by closing its equipment shutoff valve during any pressure testing of the gas supply system at test pressure equal to or less than 1/2 psi (3.5kPa).

The appliance area must be kept clear and free from combustible materials, gasoline and other flammable vapors and liquids.

Do not use this appliance if any part has been under water. Immediately call a qualified service technician to inspect the appliance and to replace any part of the control system and any gas control which has been under water.

**Children and adults should be alerted to the hazards of high surface temperatures and kept at a safe distance to avoid burns or clothing ignition.**

**Young children should be carefully supervised when they are anywhere near the appliance.**

**Clothing or other flammable material should not be hung from the appliance, or placed on or near the appliance.**

**Any screen or guard removed for servicing an appliance must be replaced prior to operating the appliance.**

**Installation and repair should be done by a qualified service person. The appliance should be inspected before use and at least annually by a professional service person. More frequent cleaning may be required as necessary. It is imperative that the control compartments, burners and circulating air passageways of the appliance be kept clean.**

Do NOT burn solid fuels in this gas fireplace.

**CAUTION:** The propane gas pressure regulator provided with this appliance must be used. This regulator is set for an outlet pressure of 11 inches water column.

This outdoor gas appliance is not intended to be installed in or on recreational vehicles and/or boats.

Before each use of this gas appliance, open the LP (Liquid Propane) Tank Drawer and inspect the LP Hose. If there is evidence of excessive abrasion or wear, or the hose is cut, it must be replaced prior to the gas appliance being put into operation. Use only the replacement hose assembly specified in this manual. Inspect the burner before each use of the appliance. The burner must be replaced prior to the appliance being put into operation if it is evident that the burner is damaged. Use only the burner listed in these instructions.

Keep the fuel supply hose away from any heated surfaces.

## IMPORTANT SAFETY INFORMATION ABOUT

### PROPANE (LP) GAS

A self contained LP-gas cylinder for use with this appliance must have a capacity of 20 lbs. and must be equipped with a Type 1 connector and an OPD (overfill protection device).

The LP-gas supply cylinder to be used must be constructed and marked in accordance with the specification for LP-gas cylinders of the U.S. Department of Transportation (DOT) or the National Standard of Canada, *CAN/CSA-B339, Cylinder, Sphere and Tubes for the Transportation of Dangerous Goods*.

- The cylinder supply system must be arranged for vapor withdrawal.
- The cylinder used must include a collar to protect the cylinder valve.
- This appliance shall be used only outdoors in a well-ventilated space and shall not be used in a building, garage or any other enclosed space.
- When this appliance is not in use, the gas must be turned off at the supply cylinder.
- Storage of this appliance indoors is permissible only if the cylinder is disconnected and removed from the appliance.
- Cylinders must be stored outdoors in a well-ventilated area out of the reach of children. Disconnected cylinders must have threaded valve plugs tightly installed and must not be stored in a building, garage or any other enclosed areas.

CSA (Canadian Standards Association) certified to ANSI Z21.97•CSA 2.41-2012  
“Outdoor Decorative Gas Appliances”

# INSTRUCTION

IMPORTANT NOTE: WE RECOMMEND TWO PEOPLE WORK TOGETHER TO ASSEMBLE THE TABLE.

INSTRUCTION

3

4

INSTRUCTION

5

Repeat procedure for three remaining bolts.

6

INSTRUCTION

7

8

9

Repeat procedure for the remaining tiles.

10

Remove the cardboard cover from the ignition will

# BATTERIES

Make sure the control knob is in the "OFF" position. Unscrew the push button cap on the ignition module located on the control panel to access the battery compartment. The ignition module requires one Alkaline AAA size battery (1.5V). The negative (-) end goes in first. See Figure 11. Dispose of battery safely. May explode or leak if charged or disposed of in fire. Make sure of the polarity. Mercury and cadmium free.

Figure 11

# LIGHTING INSTRUCTIONS

Warning: If these instructions are not followed exactly, a fire or explosion may result causing property damage, personal injury or loss of life.

1. Make sure the control knob is in the "OFF" position. See Figure 12 Open the tank valve all the way.

IGNITER BUTTON

Figure 12

CONTROL KNOB

2. Push in the igniter button. You will hear a slight clicking sound. With the igniter button pushed in, push and turn the control knob to the "ON" position. the fire should light within a few seconds. Once the flame is lit, release the igniter button and continue to hold the control knob in for 10 to 15 seconds. Release the control knob. The control knob should pop back out and then remain lit.

Note: If the fire does not light, turn the knob to the "OFF" position and wait five (5) minutes before trying again.

3. To turn down the flame, push the control knob in slightly and turn to Medium (medium or Low (small flame)).
4. To shut down the fire pit, turn the control knob to the "OFF" position and turn off the tank valve.

## MAINTENANCE

The flames should look like those in Figure 13. To clean the burner, use a soft brush after the burner has cooled completely. Never use a vacuum cleaner on the burner. It is recommended that the fire pit be stored indoors during the winter if it will be subjected to freezing temperatures. The LP cylinder must be disconnected and removed from the appliance before the appliance can be stored indoors.

Figure 13

Always purchase the correct size and grade of battery most suitable for the intended use. Replace all batteries of a set at the same time. Clean the battery contacts and also those of the device prior to battery installation. Ensure batteries are installed correctly with regard to polarity (+ and -). Remove batteries from equipment which is not to be used for an extended period of time. Remove used batteries promptly.

## TROUBLESHOOTING GUIDE

PROBLEM	CAUSE	REMEDY
Burner won't light	No Propane Gas at Burner	Check that gas tank valve is open. Turn control knob to "ON" and push control knob in. Make sure tank has propane gas.
	No Spark at Electrode	Check that AAA battery is installed with negative (-) end first and has a charge. Check that the wire is connected to the ignition module. Check that the electrode is not cracked or broken.
Burner won't stay lit after lighting	Thermocouple not in flame	Check that the tip of the thermocouple is even with the top of the ignition well. Remove any lava rocks from the ignition well.
	Thermocouple connection at the main control valve is loose	Tighten the thermocouple nut at the back of the valve.
	No Lava Rocks on Burner	Cover the burner with lava rocks per the instructions

## **90-DAYS LIMITED WARRANTY**

### What is Covered Under This Warranty?

Firepits are warranted against defects in material or workmanship for 90 days.

### How Do I Obtain Warranty Service?

To obtain warranty service, you must contact our customer service center within the relevant warranty period and provide us with a copy of your dated register receipt as proof of the purchase date. We reserve the right to request photographs and/or return of the defective item(s) and/or such other evidence relating to any claim as we shall reasonably require. Please call our customer service center at 1-800-537-8484 for additional warranty claim details and procedures.

### What are the Limitations and Exclusions of this Warranty?

**Warranty Limitations:** This warranty is subject to the limitation set forth above. In addition, this warranty is made to the original purchaser only and is effective only if items are purchased from one of our authorized dealers. This warranty is not transferable. For warranty replacements based on warranty claims submitted within ninety (90) days of purchase, we will not be responsible for charges associated with shipments outside continental North America at any time or for any reason.

**Warranty Exclusions:** This warranty is subjected to the exclusions set forth above. In addition, the following are excluded from coverage under this warranty: any item used for commercial, contract or any other non-residential purpose; clearance items, display models or items purchased "as is"; freight damage; items subject to misuse, abuse, neglect or lack of proper care or maintenance (including without limitation as provided in any "care and maintenance guide" or similar information we provide); normal wear and tear; damage caused by acts of nature, acts of force majeure, vandalism, fire or other causality, or improper assembly; hardware against corrosion or rusting; purchased or replacement parts; and all plastic parts. Also excluded are loss of use or time; inconvenience; money; travel; packaging; or incidental, special or consequential damages of any kind. Replacement of defective items or parts as provided herein shall constitute your sole and exclusive remedy for items which are not as warranted. In no event shall our responsibility exceed the purchase price of the item found to be other than as warranted. This warranty is the exclusive statement of your rights with respect to items you have purchased and supersedes any other express warranty or statement, written or oral, made in connection with the purchase and sale of such items. The term "item" when used herein in the singular refers to the specific piece found to be defective, and not to the entire set of which the item is a part.

Some states do not allow exclusion or limitation of incidental or consequential damage, so that limitation may not apply to you. This warranty gives you specific legal rights, and you may also have other rights that vary from state to state.
